W. Harrell, the Republican Candidate, to Make League of Nations an Issue.

LILLARD IS BADLY BEATEN

Six Anna Laskey Received Smallest Vote Ever Given a Woman Candidate.

OKLAHOMA CITY, Oct. 23.—The state board of public works is considering a proposal from the city of Tulsa to appropriate \$1,000,000 for the construction of a new bridge across the Arkansas River at Tulsa. Arthur L. Laskey, president of the Tulsa Chamber of Commerce, has suggested the new bridge, which would connect the two sides of the river, should be built in the fall of next year. The cost of the new bridge would be \$1,000,000, and the city would contribute \$500,000.

Although the creation of nations was not an issue in last Saturday's election, it is proposed to measure and to re-examine the question now. Mr. Harrell, the Republican candidate, does not believe he will make his fight for the cause of world government last Saturday, when he met with Senator Robert M. La Follette, who is in town for the Democratic convention. He is a strong advocate of world government, according to complete reports.
